Dear Patients:

Due to elevated severity of the Coronavirus (Covid-19) and in an effort to keep everyone safe and healthy, Dr. Karen and Dr. Tim have decided to close Yosemite Dental Care Mariposa until March 29th. We will resume normal office hours and operations on Monday, March 30th. If you have a previously scheduled appointment from now until March 29th, we will be contacting you directly. Please be aware we will be seeing patients on an as needed basis for dental emergencies. This comes after the CDC, California Dental Association, state and federal agencies have urged all dental practices to close for 14 days. Ultimately, we feel this is the right decision to keep all our patients, staff members and families as safe and healthy as possible. Since this situation is ever evolving, we will keep you, our patients, up to date on any further changes.

Thank you for your understanding and cooperation in keeping our Mariposa community safe; we all need to do our part. Keep brushing and flossing and try to remain positive during this time.

**If you experience a dental emergency over the next 2 weeks DO NOT HESITATE to call our office at 209-742-7788. We have a doctor on call and will get back to you as soon as possible.**
